

# CASCADE FLYER

Website <http://co-opa.com>

## **President's Message:**

Will wonders never cease. The POTUS finally signed Medical Reform. If your medical is less than 10 years old, you may never need another 3<sup>rd</sup> class medical. Just take an online test every two years. And of course, self certify that you really ARE safe to fly. As always the Large Print gives, and the Small Print takes away. We'll need to wait for the final FAA rules to see exactly what we got.

Come discuss the weather, FAA Medicals and other topics, at our July meeting. July 21<sup>st</sup>, as always, the Third Thursday. Make way to the Professional Air waiting room in the KBDN Flight Services Building. Check in around around 6pm. Pig out at our 6:30pm potluck, and stay for the usual 'formal' meeting at 7pm.

Third time the charm! After two wet fly-out days it looks like we'll have great weather for our Fly-Out day.. Intellicast forecasts 82F, clear skies, lighth winds until late afternoon. Weather.gov is even more optimistic. Time to plan a nice Fly-Out.

## **Calendar:**

## **June Drive-out:**

Yeah, another Drive-Out. June weather was mostly great, just not on our Fly-out day. A number of us drove out to the Prineville Father's Day Breakfast. Breakfast was good, but seeing all our pilot friends from Prineville was great.

## **My Inbox:**

The Prineville Airport Open House Fly-In will be on July 30, from 8am to 2pm. The drive is just 38 minutes from downtown Bend, but Fly-In if you can.

The EAA will have a pancake breakfast in their hanger.. Many cool aircraft will be on display as well as the Crook County Rodders with their classic cars. Come early, and stick around for Hamburgers and Hot Dogs for lunch. You can find out more about S39 on their web site:
